

Chicken Range Coop

Nest box Assembly Instructions

Iva Manufacturing PH 717.768.0747

1. Kit includes rollaway nest box, 4 -Ubolts, 8 -flange nuts, 8 -cable ties
2. Cut out wire -3 blocks (6in) up from bottom pipe, and 3 blocks (3in) from center pipe where nest box will be installed. The opening should be 5 blocks (10in)high and 35 blocks (35in) wide.
3. U-bolt nest box to center and side frame pipes. Use the provided cable ties to fasten wire to nest box along the sides and bottom.
4. 10" and 12' foot coops will need extension rails, (includes 4- 3/8 x 1 bolts and nuts)
5. Nest box capacity, 25 chickens
6. Lever to close next box to prevent chickens from roosting in it at night time.
7. Backflap to gather eggs from outside the coop.
8. To introduce chickens to the nest box, one red flap may be pulled up between the wire the first week.
